

Job Title: Policy Analyst I
Job Grade: 19
FLSA Status: Non-exempt
Department: Operations
Reports To: Operations Manager

SUMMARY

Directly reporting to the Operations Manager, this position will be a resourceful problem solver for insurance agencies and brokers conducting business in the state of Texas. Responsibilities require the ability to follow the life cycle of insurance policy filings through policy initiation, changes, renewals, and payments, while using the opportunity to educate customers on regulatory compliance and/or tools for navigating the database through website access.

ESSENTIAL RESPONSIBILITIES

1. Provides support and technical assistance for the SLTX application software, primarily to insurance agents via telephone and e-mail.
2. Responds to requests using active listening, asking questions as appropriate, and assisting users in progressive problem solving from initial contact to final resolution.
3. Gathers information from users, analyzes problems, and reports problems. Ensures problems are properly logged, escalated when necessary, and closed out.
4. Analyzes problem records and reports on trends or high impact problems.
5. Gathers data to identify customer needs for use in improving the design, utility, and efficiency of the system.
6. Maintains working knowledge of the SLTX application software, and insurance laws and terminology.
7. Processes incoming policy documents and performs data entry.
8. Performs policy audits, including review of agent information for accurate entry into the system, including reporting discrepancies to Lead Policy Analyst or Operations Manager and makes corrections as needed.
9. Assists with user and password re-set on web portal.
10. Assists with new agent registration.
11. Performs other duties as assigned.

MINIMUM QUALIFICATIONS

1. High School Diploma. An equivalent combination of experience and/or education will be considered.
2. One (1) year technical support or customer service experience.
3. Strong technological skills, with ability to navigate multiple company systems or learn new systems.
4. Effective communication, organization, and time management skills to deliver excellent customer service with responsiveness and pro-active solutions.

5. Comfortable working in a call center environment, ensuring good dialogue is conducted with peers, supervisors, and customers.
6. Ability to multi-task and pay attention to detail, with emphasis of working independently and completion of tasks, as assigned.
7. Intermediate or higher proficiency of Microsoft Word and Excel.
8. Required to work in our HQ office and fulfill business hours requirements.

DESIRABLE QUALIFICATIONS

1. A Bachelors Degree in Business Administration, Insurance, or related field. An equivalent combination of experience and/or education will be considered.
2. Experience with agent/brokers, insurance companies, or other similar industry entity.
3. Knowledge of insurance law and terminology.
