Austin, TX 78746-5493

(800) 681-5848 or visit our website at www.SLTX.org

Introduction

This API User Guide is intended to be used in conjunction with the SMART Programmer Technical Reference which documents the file layout and submission requirements for the API. This document describes the methods in which an API filer may log in to the SMART application to make file uploads (instead of using an automated methodology) and/or review the status of uploaded transactions. Additional sections and/or documentation will be created as new features are released. Please contact the SLTX Tech Support team by email at techsupport@sltx.org with any questions about the manual Data Entry process and/or to obtain user guides that are specific to the remaining SMART features.

While testing became available on June 19, 2020, agents and brokers are not required to make changes to their systems immediately. However, as additional features are released, SLTX does expect agencies to begin using these new features as schedules permit. SLTX understands that planning and resource allocation takes time. As such, current EFS processes and procedures will continue to be available. EFS will remain functional until the entire suite of features in SMART is fully delivered, and those platforms will run concurrently for some time afterward, which is currently estimated until 2022.

Supported Browsers

- Google Chrome and/or Microsoft's Edge
- **Internet Explorer (IE)**, regardless of the version, **is not supported**

Prerequisites

You must have an authorized account with active credentials to SLTX's Electronic Filing System (EFS) or SMART application. SMART utilizes EFS credentials; therefore, separate credentialing is not necessary. Prior to accessing SMART and/or utilizing the API, you are required to accept any licensing agreements: Privacy Policy, Terms of Use, SMART Connector and/or API User Licensing Agreement (when applicable).

Environments

The following URLs are used for SMART:

TEST

- SMART UI: <https://test.sltx.org/>

PRODUCTION

- SMART UI: <https://smart.sltx.org>

ALERT! *Adequate testing is required within the Test Environment. It is necessary for you to successfully demonstrate (or test) any features, as well as all products (coverage/class) and insurers, that will be automated (or submitted via the API). After sufficient, successful submissions and postings, the SLTX Help Desk will activate your agency in the live production environment. Any entries made in our test environment are for testing purposes only and will not be copied or transferred to the live production environment.*

Logging in to SMART

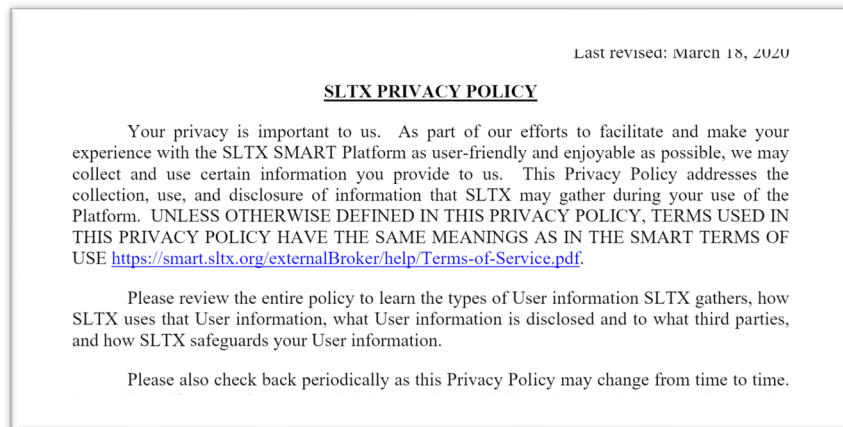

When logging into SMART, please provide EFS username and password within upper boxes of the login page. In the event a password has expired, please utilize the “Forgot Password?” feature from SMART’s login page. Alternatively, you may reach out to the SLTX Tech Support team by email at techsupport@sltx.org or phone at (800) 681-5848 (option 1) to receive a new password for the TEST Environment.

The image shows the SMART login interface. At the top, the word "SMART" is displayed in white on a blue background. Below this is a white box with the title "Login". Inside the box, there are two input fields: "Username" and "Password". The "Password" field has a small eye icon to its left. Below the password field is a link that says "Forgot Password?". Underneath these fields is a blue button labeled "LOGIN". Below the "LOGIN" button is a link that says "Don't have an account?". Below that is a white button labeled "REGISTER". Below the "REGISTER" button is a horizontal line with the word "OR" in the center. Below the line is a small text note: "This login is only for SLTX employees." Below the note is a blue button labeled "SLTX EMPLOYEE LOGIN". At the bottom of the white box, the SLTX logo is displayed, with the text "SLTX SURPLUS LINES" and "STANDARD OFFICE OF TEXAS" below it.

User Licensing Agreements

Prior to accessing the SMART application and/or utilizing the API, each user is required to accept necessary licensing agreements from within SMART: Privacy Policy, Terms of Use, and API User Licensing Agreement. If you have already accepted the current licensing agreements, this screen will be skipped. If you do not agree, the user will not be allowed to access the SMART application and/or utilize the SMART API for filing.

Privacy Policy

The image shows the SLTX Privacy Policy page. At the top right, it says "Last revised: March 18, 2020". Below this is the title "SLTX PRIVACY POLICY" in bold. The main text reads: "Your privacy is important to us. As part of our efforts to facilitate and make your experience with the SLTX SMART Platform as user-friendly and enjoyable as possible, we may collect and use certain information you provide to us. This Privacy Policy addresses the collection, use, and disclosure of information that SLTX may gather during your use of the Platform. UNLESS OTHERWISE DEFINED IN THIS PRIVACY POLICY, TERMS USED IN THIS PRIVACY POLICY HAVE THE SAME MEANINGS AS IN THE SMART TERMS OF USE <https://smart.sltx.org/externalBroker/help/Terms-of-Service.pdf>." Below this is a paragraph: "Please review the entire policy to learn the types of User information SLTX gathers, how SLTX uses that User information, what User information is disclosed and to what third parties, and how SLTX safeguards your User information." At the bottom, it says: "Please also check back periodically as this Privacy Policy may change from time to time."

Terms of Use

Last revised: March 18, 2020

SMART TERMS OF USE

PLEASE READ THE FOLLOWING CAREFULLY. THIS IS A LEGALLY BINDING AGREEMENT BETWEEN YOU AS A USER (AS DEFINED BELOW) ("USER" OR "YOU") AND SURPLUS LINES STAMPING OFFICE OF TEXAS ("SLTX" OR "WE"). THESE TERMS AND CONDITIONS, TOGETHER WITH THE SLTX PRIVACY POLICY, AND ALL OTHER SLTX AGREEMENTS, RULES AND POLICIES REGARDING YOUR ACCESS TO AND USE OF SLTX'S SMART ONLINE FILING SYSTEM, INCLUDING THE WEBSITE AND ALL ATTENDANT APPLICATIONS AND SERVICES PROVIDED BY SLTX (COLLECTIVELY, THE "PLATFORM"), CONSTITUTE THE "AGREEMENT" BETWEEN YOU AND SLTX.

IF YOU HAVE NOT READ THE AGREEMENT, DO NOT UNDERSTAND OR AGREE TO BE BOUND BY THE AGREEMENT OR ARE NOT ABLE TO CONSENT TO BE BOUND

SMART API Agreement

Last revised: March 26, 2020

SMART API AGREEMENT

PLEASE READ THE FOLLOWING CAREFULLY. THIS IS A LEGALLY BINDING AGREEMENT BETWEEN YOU ("USER" OR "YOU") AND SURPLUS LINES STAMPING OFFICE OF TEXAS ("SLTX" OR "WE"). THESE TERMS AND CONDITIONS, TOGETHER WITH THE SLTX PRIVACY POLICY, AND ALL OTHER SLTX AGREEMENTS, RULES AND POLICIES REGARDING YOUR ACCESS TO AND USE OF THE API (AS DEFINED BELOW) CONSTITUTE THE "AGREEMENT" BETWEEN YOU AND SLTX.

IF YOU HAVE NOT READ THE AGREEMENT, DO NOT UNDERSTAND OR AGREE TO BE BOUND BY THE AGREEMENT, OR ARE NOT ABLE TO CONSENT TO BE BOUND BY THE AGREEMENT (E.G., IF YOU ARE NOT OLD ENOUGH TO ENTER INTO A BINDING LEGAL CONTRACT), DO NOT USE THE PLATFORM.

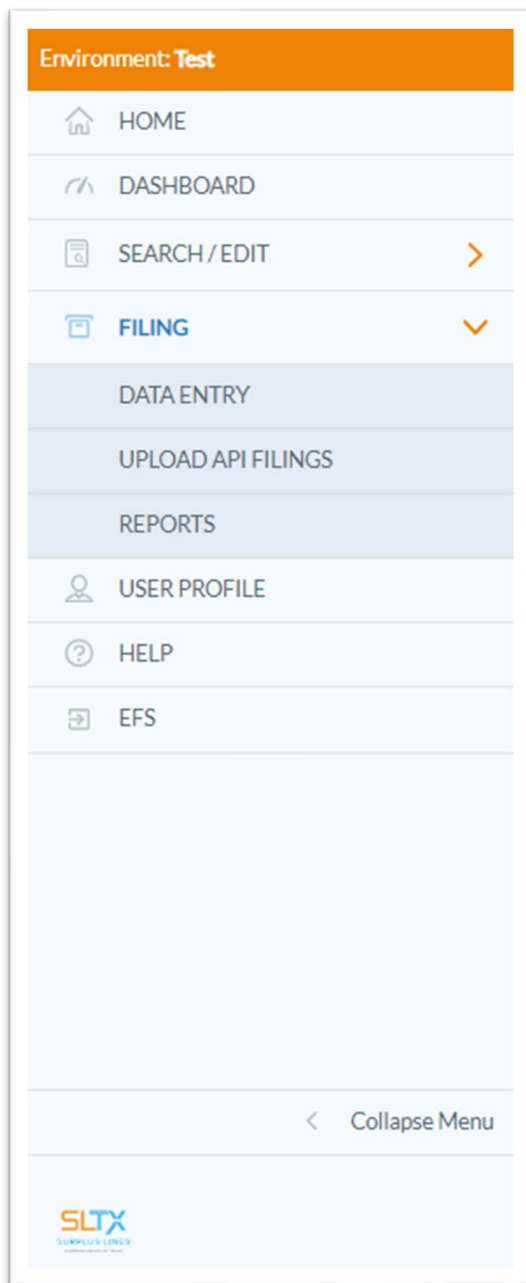

1. Scope and Acceptance

For purposes of this Agreement, the term "API" shall mean, collectively: (a) the SLTX application programming interface that is design to permit other software or hardware devices to interface with

SMART (API) Features

Primary Navigation

Users should utilize the left menu to navigate throughout SMART.

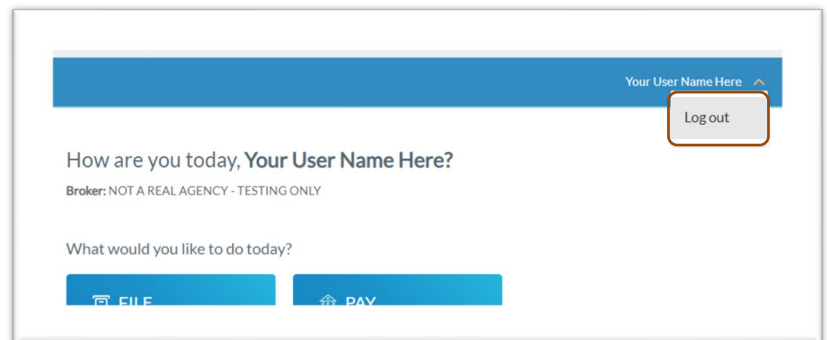

The left navigation menu will alert the user when they are logged in to a non-production or live environment by displaying an orange banner with the environment name.

Users may obtain additional guidance about the SMART application by selecting [Help](#).

Users will be automatically logged out of SMART after 30 minutes of inactivity. Users may manually log out by selecting your name in the upper navigation bar and clicking "Log Out".

Disclaimer: You may access written and/or video guidance for all SMART features from the [SMART Training Videos and User Guides](#) page.

Help

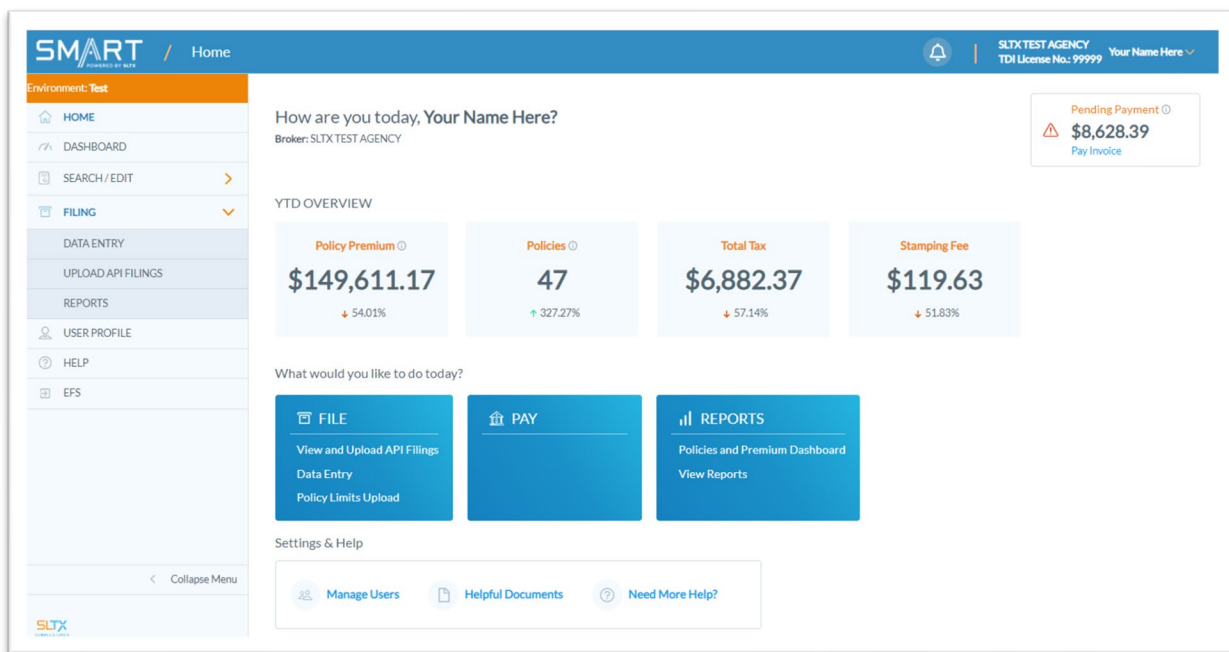

Users may obtain additional guidance about the SMART application by selecting **Help** from the left navigation panel. Here you will find the contact information for SLTX's Tech Support team, direct links to written/video user guides, as well as copies of SLTX's Privacy Policy and Terms of Service.

Broker Landing Page

Once you have successfully logged in, you will be taken directly to the landing page for the broker or agency for which you file. **As a reminder, this documentation has been specifically developed the API features and will only cover the External User features released in conjunction with the API feature.**

Additional guidelines are available for all other features, including paying invoices; accessing reports; performing insurer and policy-level searches; maintaining user profiles; and making manual data entry filings. You may access written and/or video guidance for all SMART features from the [SMART Training Videos and User Guides](#) page.

Selecting “View and Upload API Filings” from the “File” tile from the Broker Landing page will take you directly to the “Upload API Filings” page. From there, you may [Submit a File](#), review the [Status of Submitted Transactions](#), or view/download a [Previously XML Submitted Files](#).

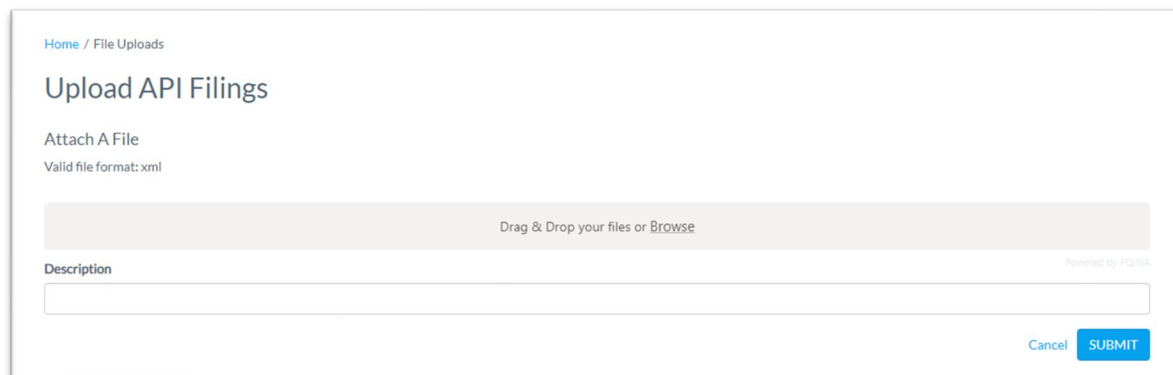

Broker Landing page

How to Submit an XML File

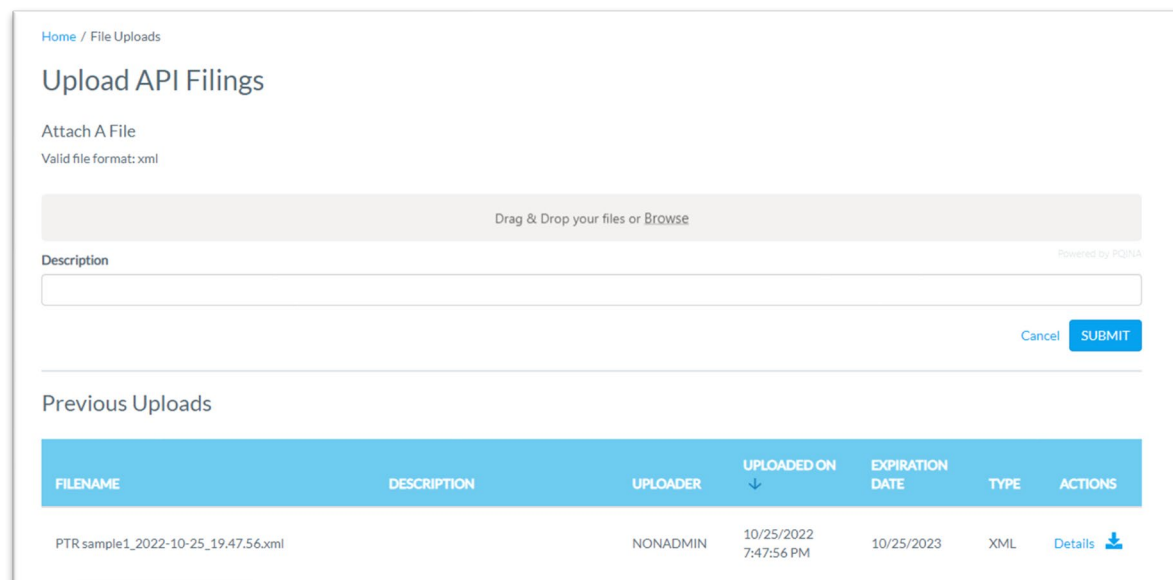

From the “Upload API Filings” page, you may submit a previously created XML file. The file may be “dragged or dropped” onto the webpage. An option to browse files through the user’s computer is also available. A description box is provided to allow users to describe the type of file he/she is uploading. This helps to keep track of documents that need correction in the event that an error is present. Once uploaded, files can be submitted or posted by clicking “Submit”.

NOTE: You may find additional information about the XML file format and data requirements within the API Programmer Technical Reference guide. You may access the most recent version of the API Programmer Technical Reference from the [SMART Training Videos and User Guides](#) page.

Upload File page

Once submitted, files will then be transported to “Previous Uploads” section of the “Upload API Filings” page for users to review, download, or view details.

FILENAME	DESCRIPTION	UPLOADER	UPLOADED ON	EXPIRATION DATE	TYPE	ACTIONS
PTR.sample1_2022-10-25_19.47.56.xml		NONADMIN	10/25/2022 7:47:56 PM	10/25/2023	XML	Details 

Previous Uploads section

Parsing Failure

If the file is malformed or encounters a parsing failure, it will be rejected immediately at the time of submission. The user will be notified immediately with a failure message, which will contain specific information about the validation failure. You may contact TechSupport@sltx.org for assistance in correcting your validation (parsing) failure.

Just like with any other batch, the file will be transported to “Previous Uploads” section of the “Upload API Filings” page for users to download or view details (of the failure).

Reviewing Status of Submitted Transactions

From the “Previous Uploads” section, users will be able to view transaction level details. Users must select an option from the Actions column:

Details

Users may view transaction level details by clicking “Details”.

Previous Uploads						
FILENAME	DESCRIPTION	UPLOADER	UPLOADED ON ↓	EXPIRATION DATE	TYPE	ACTIONS
performance sample - 1 transaction_2020-03-27_09.14.14.xml		HS_JAY	03/27/2020 9:14:14 AM	03/27/2022	XML	Details 

Upload Details page

After selecting “Details” from the Previous Uploads page, the user will be taken to the “Upload Details” page. Information about the previously submitted batch can be found here, such as Filename and Description, Submission / Received Date, Submitting User ID, Batch Number and Status, Item Count, and Count of Items having one or more errors (tags).

Home / File Uploads / 2542012						
Upload Details						
Filename	Description			Uploaded On		
performance sample - 200 transactions_2020-03-27_09.20.08.xml				03/27/2020 9:20:08 AM		
BATCH	USER	STATUS	RECEIVE DATE	ITEMS	TOTAL GROSS	ITEMS WITH ERRORS
5579	HS_JAY	Posted with Errors	03/27/2020	200	\$368,976.54	36

Filename – the file name of the batch, with the submission date and time stamping appended

Description – the file's description, as input by the user at the time of submission

Uploaded On – the actual date and time the batch was submitted

Batch – the batch number assigned by SLTX to this submission. A direct link to view the transaction level “Batch Details”.

User – the User ID of the SMART user that submitted this batch

Batch Status – a brief status of the batch

Posted with Errors – indicates the batch contains one or more errors, which results in a pending (or not posted) item. All remaining items (without error) were successfully submitted and accepted by SLTX.

Posted – indicates that all transactions within the batch were successfully submitted and accepted by SLTX.

Receive Date – the date the batch was received by SLTX

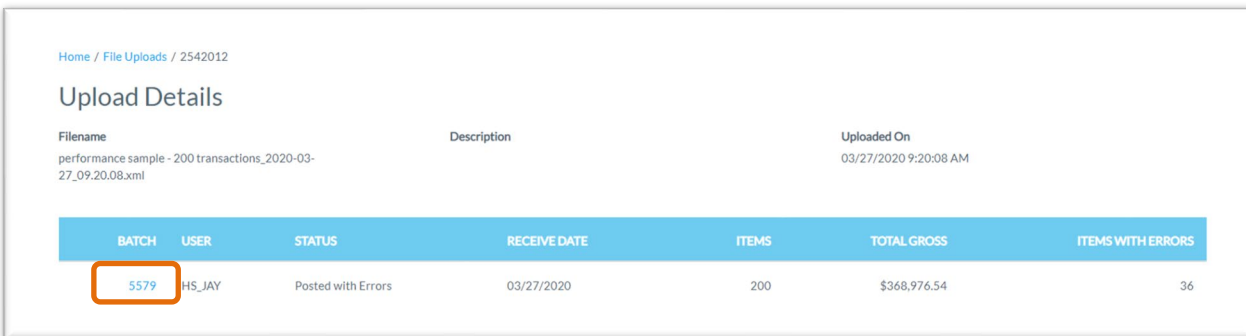

Items – the total number of items included within this batch

Total Gross – the sum of all the Total Gross amounts within this batch

Items with Errors – the total number of items that have one or more errors in this batch (pending)

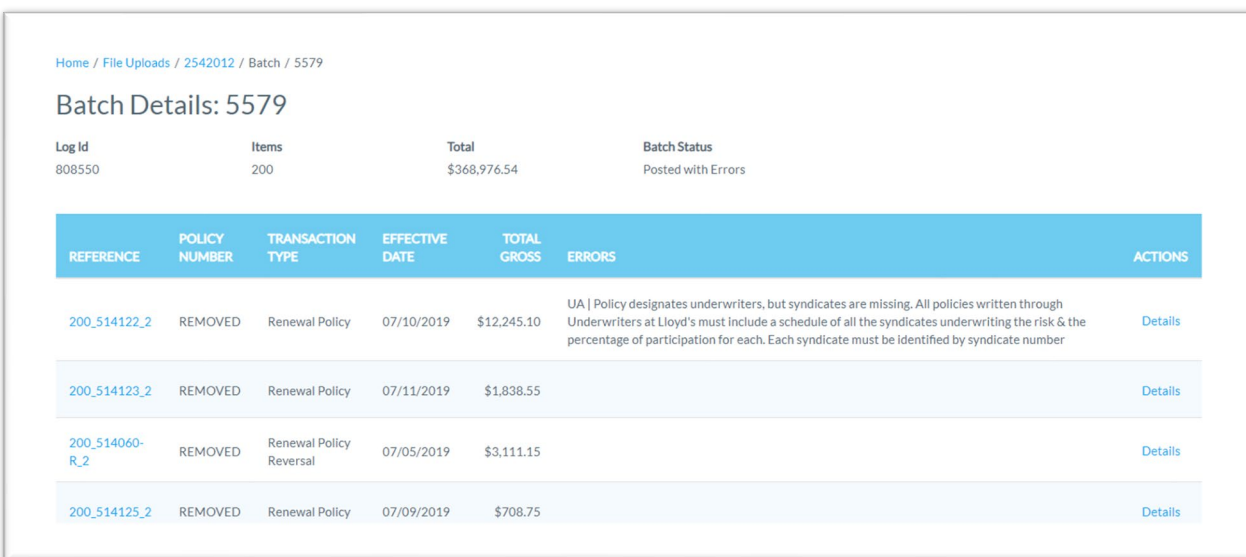

Batch Details page

From the “Upload Details” page, users will have the opportunity to view details of the transactions, successful and/or failed, by clicking on the link for the Batch number.

Home / File Uploads / 2542012						
Upload Details						
Filename		Description			Uploaded On	
performance sample - 200 transactions_2020-03-27_09.20.08.xml					03/27/2020 9:20:08 AM	
BATCH	USER	STATUS	RECEIVE DATE	ITEMS	TOTAL GROSS	ITEMS WITH ERRORS
5579	HS_JAY	Posted with Errors	03/27/2020	200	\$368,976.54	36

From the “Batch Details” page, users will be able to immediately determine the status and access any errors assigned on a transaction-by-transaction level. If a transaction has been assigned one or more errors (tags), the actual tag code and description will be shown along with a summary of the transaction’s data. If no error is shown, then the transaction was successfully submitted and accepted by SLTX.

200_514123_2	REMOVED	Renewal Policy	07/11/2019	\$1,838.55		Details
200_514060-R_2	REMOVED	Renewal Policy Reversal	07/05/2019	\$3,111.15		Details
200_514125_2	REMOVED	Renewal Policy	07/09/2019	\$708.75		Details

Alternatively, you may view all outstanding errors (tags) by clicking “View Error (Tags)” or “Outstanding Error (Tags)” from Broker Landing page. For detailed instructions, see “Correct Errors (Tags)” or “Delete Errors (Tags)” guide(s) from the [SMART Training Videos and User Guides](#) page.

Transaction Details page

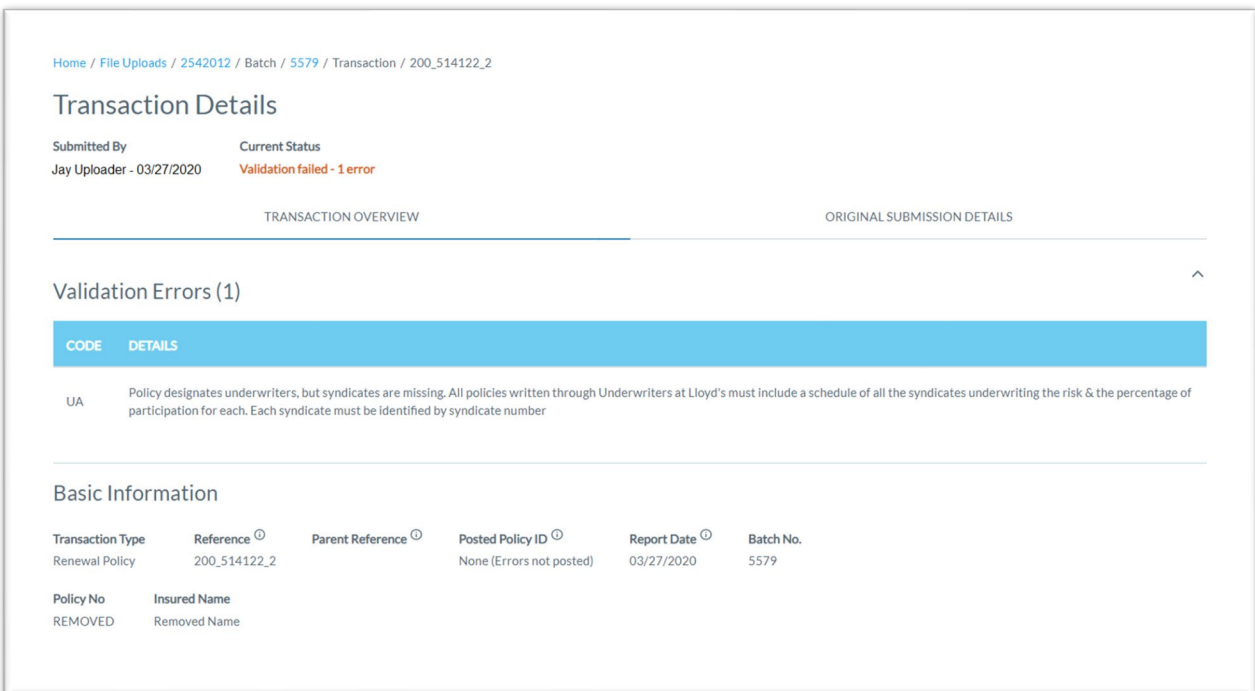

From the “Batch Details” page, users will have the opportunity to view details and status of each individual transaction including the errors (tags) assigned, by clicking on the link for “Details”.

From the “Transaction Details” page, users will be able to see the batch submission information as well as the status of the transaction being viewed. The user may toggle between the “[Transaction Overview](#)” or “[Original Submission Details](#)” by selecting the tabs at the top of the screen.

Transaction Overview

From the “Transaction Overview” tab, user can view any assigned errors (tags), the actual tag code and description will be shown along with the basic information about the transaction such as the transaction type, reference information, report date, batch number, policy number, and insured name. If “No Errors” is shown, then the transaction was successfully submitted and accepted by SLTX.

Original Submission Details

From the “Original Submission Details” tab, user can view the details of the transaction at the time of submission. You will be able to view the Broker Details, Basic Information, and Insured Type.

User Guide Document Changes

2.1

- New features delivered: consolidated page to view outstanding tags

2.0

- New features delivered: ability to correct errors (tags)
- Refresh guidance to focus solely on API features,
- Include links to [user guides](#) page for all other SMART features

1.4

- Refresh guide with updated screens and features

1.3

- New features delivered
 - Update broker home / landing page

1.2

- New features delivered
 - Update broker home / landing page
 - Reports
 - Pay Invoices

1.1

- Clarify supported browsers

1.0

- First documentation release for SMART's API User Guide
